Dr. Joshua Lederberg
Department of Botany
University of Wisconsin
Madison, Wisc.

Dear Lederberg:

I have just learned that you are going to give a number of talks at Yale between November 2 and 4. I wonder if it would be possible for you to come here either before or after your talks there and talk at our Seminar. We will of course be glad to pay your expenses as far as they are not paid for by Yale and to have you stay here over night or as long as you want to stay.

Our Seminars are usually held on Thursday afternoon at 4:15. I realize that you cannot be here on Thursday and I would like to leave it up to you what day of the week you would prefer to come here. Please let me know whether you would be willing to come since most of the people here are anxious to hear about your latest results.

With best regards,

Yours sincerely,

E. W. Caspari
